### **Editorial**

All good things and the bad things come to end.

I joined the club in Nov. 1969 BC (Before Cars) and started the cockcrow 20 years ago most clubs had magazines those day's so with a few chosen words from a Sinatra's classic.

“And now as the time is near this will be my final cockcrow  
And to my friends may I say, I had no regrets, just fun and enjoyment  
I had abuse, but just chewed it up and put in the black-bin  
Mistake's I made them daily but none life threatening  
And I guess you knew I couldn't spell or use any comas  
But looking back over 20 years I am just amazed  
**I DID IT MY WAY”**

Going back to day one (cockcrow) I used to hand write it. And with many thanks to the following thus I then gave my notes to Mike Bott who typed them out who in turn then gave wife Pam a copy who took it to work and had 20 copies printed. Next in line was Gina Middleton with a copy who took it to work and had 80 copies done. Graham Palser was next to assist and introduced me to a computer and after a few lessons I learnt how to switch it on. I wrote the cockcrow and Graham would then send it to all who had an email address. Then over the past 10 years my “Help Line” was Lesley Baulk who informed me of all the club info and any results I required; Jaydee Peters who found hidden results I could not find; Mandy Hopkins who kept me up to date with indoor results/PBs/club records and XC info; Andrew Collings informed me of the young M/D group; Kay Trinder saw I knew about the T/F results; Craig Holder with the inside info of all the sprinting squad; Also Dave Hunt who kept me up to date with club records; and to Red eye Print for printing all the hard copies for over 10 years. So taking careful good look I have changed my mind I think **“I DID IT THEIR WAY”**

**Woking 10.30am** Susanne Cooper was race director for the first ever Woking New Year's Day 5k event; with hubby Tim second in command seeing all was running smoothly. Both well prepared/ready for an extra-large entry while the whole morning was a complete success. Susanne and Tim supported and backed by the wonderful group of reliable volunteers. Was 439 a record entry? Yes it was I believe by 2 well done park runners a great morning. Many of the entries were running their second 5k event of the day. Shown with a \* Chris Dyson attacked the course as if he knew every inch instead of running it for his first time. Chris was 1st o/a by a clear minute in 17.39; Then nice to have Justin Mitchell with us for the new year and finished 4th in 19.02; Martin Sunderland 1st U/14 (9th o/a) in 19.38; Terry Booth\* 1st 0/50(12th o/a) in 19.51; And another nice surprise was to see Jason Harris with us a long time training partner with Justin for many years in their younger days Jason having his third run in 3 months owing to a HEEL injury, today after he finished walked away with heavy limp. He finished 13th running 19.53; Ben Rolfe nice and fresh for his first 2020 park run finished 1st U/18 (14th o/a) in 20.05; but not as fresh as he ran home as he tripped over in the mud and was covered – hopefully mum managed to get him hosed down before he ventured into the house !! Mark Rose\* running his second 5k was 19th in 20.21; Our first lady was Kylara Hassall up from Folkstone to spend the new year with us (and Justin) was 1st 0/35(2nd lady) in 20.36; Then Aimee Billington\* arrived in time from her Bushy run and finished 23rd in 20.43;
